Privacy Policy

ViaFreedomToys (ViaFreedom OÜ) respects your privacy. This Privacy Policy explains how, when and why ViaFreedomToys collects, uses, and shares information from or about you. By viewing or using ViaFreedom website or services, whether you are a subscriber, other registered user, or a visitor who has not subscribed to or registered for the ViaFreedomToys, you consent to the collection and use of information from or about you as explained in this Privacy Policy.

Personal Information

ViaFreedomToys will need your personal information like your **name, address, your child's birthday, telephone number, email and credit card details** in order for you to use the toy rental service with ViaFreedomToys. We will not collect any other personally identifiable information that you do not expressly provide. ViaFreedomToys will not sell or share your personal information to any third party vendors or for marketing purposes without your permission.

Some of your personal information required by us is not mandatory, but it helps fine tune your requirements and helps us provide you with an exceptional service. You also have the option of registering or logging in with third party vendors like Facebook and Google.

Usage and Log Data

We collect information when you use our service at ViaFreedom. This information may include your IP address, device and software characteristics (such as type and operating system), location, activity on ViaFreedom website including toy selections and toy views history or device identifiers or other unique identifiers.

Cookies

Like many online services, we use various technologies to collect usage data and store preferences. One such technology is called a cookie. A cookie is a small data file that is transferred to your computer's hard disk. We may use both session cookies and persistent cookies to better understand how you interact with ViaFreedom website. This will enable us to monitor aggregate usage by our users and web traffic routing on ViaFreedom website. Most Internet browsers automatically accept cookies.
